Mr. Aamir Mahmood Mirza
Country Lead
Monsanto Pakistan Pvt. Ltd

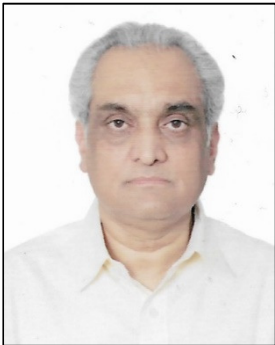

Aamir Mirza is an advocate for innovation in agriculture. He takes pride in being part of a team of driven professionals who are making a difference for Pakistani farmers. Their role in transforming productivity in corn and vegetable crops has been pivotal through high quality products and knowledge transfer. He envisions greater socio-economic benefits for Pakistani farmers as his team gears up to introduce modern agriculture technologies and total agronomic solution in the country.

Currently working as Country Lead in Monsanto, his management experience of 27 years in agriculture industry initially in fertilizer conglomerate, FFC (1991-2000), and now in Monsanto (2000 - hitherto) have been exciting, challenging and most rewarding. He is an alumnus of Institute of Business Administration, Punjab University.

Under his leadership the business has done exceeding well. The Company has delivered outstanding results on all business metrics. The image of the company has improved in the eyes policy makers and cross section of stakeholders. There is significant improvement in CSR credentials. And, there is increased recognition of Monsanto's commitment and record of improving the success and sustainability of farmers.

Aamir Mirza is currently the President of American Business Forum (ABF). He is also serving as Vice Chairman of CropLife

	<p>Pakistan. He represents the Company at American Business Council, and the US Pakistan Business Council.</p> <p>As Country Lead of Monsanto Pakistan Aamir's primary focus has been on developing a strong leadership pipeline and creating a culture that exemplifies company's vision and values. His team is making conscientious effort to break the gender stereotyping particularly in the industry and create opportunities for women talent. To him, a highly engaged team, focus on execution, commitment to long term strategy backed by robust systems is the key to managing a successful business.</p>
